CUBITRON II
Film Disc 775L

Now available
in grades 240+,
320+, 400+

Advancing your best work

> Cuts faster*

Increased throughput with faster
sanding and more parts per disc

> Lasts longer*

Lower costs with long disc life
and fewer disc changes

> Delivers consistent finish

Minimal rework due to
consistent finish quality

* compared to conventional abrasives

The Cubitron™ II Sanding Disc is a revolutionary advancement in abrasive technology featuring triangular-shaped ceramic minerals. As the triangular-shaped grain wears, it continually fractures to form sharp points that slice through the substrate, wear evenly and provide extra-long life and consistency.

3M Precision-Shaped Grain
