Pencil Brushes, Knotted Wire

Bosch Pencil Brushes, Knotted Wire:

The Pencil Brush provides a good coarse surface finish. Fitted with knotted wire, it is ideal for medium-duty cleaning applications on small steel surfaces. Its shape makes it ideal for cleaning work in very hard-to-reach areas such as in corners and the inside of pipes and profiles. The brush is also suitable for removing heavy rust and varnish as well as stripping paint. It is intended for use with drills with a 6-mm shank. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results
