Product details

Can be used commercially

Thanks to the integrated lock, this beverage cooler is just as safe for commercial use as it is at home.

Plenty of storage space

There is room for up to 56 bottles in 118 L. The metal shelves are stable and can be partially adjusted in height.

LED lighting

For optimal illumination, a bright and energy-saving LED lighting is integrated.

Temperatures for every type of drink

With different settings (0 to 7), the beverage cooler reaches temperatures between 10 and 0 °C.
