 grey shiny	020-1655	4009729040669

Maximum number of sheets of 80 g/m² paper. The maximum capacity in this case is 30 sheets.

Tool with metal functional parts

Robust stapling for permanently binding documents together.

Temporary stapling makes it easy to keep papers together for short periods. The advantage: staples can be removed quickly and easily.

For quick fastening: nailing.

This device can process staples of type 24/6 SUPER. A maximum of 150 staples can be inserted.

This device can process staples of type 26/6 SUPER. A maximum of 200 staples can be inserted.

Maximum stapling depth is 105 mm.

The spring loading mechanism - by pressing a button at the rear of the stapler, the staple magazine is released for front loading.

50% actuation travel - 100% perfection: the automatic function uses a spring mechanism patented by Novus to complete each stapling cycle automatically.

The spring-mounted magazine permits comfortable, trouble-free stapling without staples jamming. Staples can no longer become stuck in the machine.

Novus offers a warranty of 25 years when handled in a proper manner.

The quality statement „German Engineering“ ensures that a product was developed according to German quality standards by our engineering experts. All Novus products carrying the „German Engineering by Novus“ signet are manufactured in our own plants around the world by our own workforce, managed and supervised by our headquarters in Germany.

This machine bears the GS approval of product safety.
