

InLine® AmpUSB, Hi-Res AUDIO HiFi DSD USB Audio DAC, Headphone Vacuum Tube amplifier, 384kHz/32bit

* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: INL

Bestell-Nr.: 992061

The InLine® AmpUSB 384kHz/32bit DSD USB Audio DAC with Vacuum Tube amplifier is an ultra-mastering grade digital audio playback system. It is capable of converting high resolution PCM audio (up to 384 kHz) and DSD audio (up to 128x DSD). The DAC allows you to bypass your computer's soundcard or headphone output and send digital audio signal through the USB interface. With this perfect digital interface between your computer and the music system, the sound quality is pushed to another higher level in your overall music environment. The amplifier tube provides for a soft and pleasant sound character, the signals are quasi-analog amplified and have a more natural sound.

- Supports DSD128 5.6MHz playback
- Supports PCM 384kHz/32bit playback
- Supports DSD native or DoP (DSD over PCM)
- Asynchronous transfer mode
- SNR : around 110dB (A-weighting)
- Max. Headphone Output power (at 1kHz and single channel): around 210mW / 16Ohms and around 190mW / 32Ohms
- Headphone Drive Ability: 16 - 600Ohms
- High Quality DAC-Cirrus Logic CS4392
- High Quality Headphone Amplifier
- Opamp are +/-12V powered by internal power boosting circuitry
- 6.3mm & 3.5mm headphone outputs

- Toslink S/PDIF Digital output
- Analog Volume Control
- Supports ASIO and WASAPI
- Integrated de-pop function
- Powered by 12V DC PSU
- LED indicators for DSD and PCM playback
- Very fine finishing metallic case
- Vacuum tube type 12AU7 / ECC82
- Supported Operating systems: Windows 10, 8.1, 8, 7, Vista, XP 32/64-bit and MAC OS X (10.6 or above), works with Apple (with camera kit) and Android portable devices (with OTG adapter). Compatible Apps with DSD audio playback are available in the app stores and possibly connected with full functionality with additional costs (in-app purchases, such as App "Onkyo HF Player")
- Dimensions (LxWxH): 11cm x 8.1cm x 8cm
- Content: InLine® AmpUSB 384KHz/32bit DSD USB Audio DAC, User Manual, USB cable, Driver and Software CD with JRiver Media Center License Key, 12VDC power adapter (Euro plug)

Caution: First please connect and turn on the amplifier, then install the Via driver, afterwards restart your PC.
