

XPF360R.ARGB - Triple Pack / 3 × 120mm Daisy-Chain ARGB Reverse Fans

The XPF360R.ARGB is a triple pack of 120mm PWM ARGB fans. The advanced daisy chain design allows for seamless fan-to-fan connection via a pin-to-pin locking mechanism, greatly simplifying installation and optimizing cable management for a tidy LED system.

The seamless Infinity Mirror design creates vivid, intense, and multi-layered lighting effects with flawless mirror reflections, ensuring an impressive visual experience from every angle.

At the same time, the hydro-bearing technology ensures a long service life and virtually silent operation, even under continuous load, thanks to minimal friction and vibration.

Product highlights

Daisy-Chain Design

The integrated daisy-chain connection simplifies installation and significantly reduces cable congestion, providing a tidy and efficient cable management solution.

Seamless Infinity Mirror

Creates vibrant, high-density, multi-layered lighting effects.

Durable & Quiet

Hydro bearings reduce friction and suppress noise, ensuring long-lasting, silent operation.

High Airflow

Precisely shaped and angled fan blades maximize airflow for efficient heat dissipation.

ARGB Synchronization

Supports 5V 3-pin ARGB connections on major motherboard brands for full-system lighting synchronization.

PWM Temperature Control

Supports 4-pin PWM motherboard headers for smart, automatic fan speed regulation.

Reverse Fan Design

with inverted rotor blades provides the same powerful airflow performance while maintaining a clean front-facing lighting display.

Technical data

Dimension	125 x 360 x 25mm
Fan dimensions	120 x 120 x 25mm * 3
Connection type	PWM 4pin Female + Male
Connection type LED	5V ARGB 3pin Female + Male
Cable length	600mm
Noisy	32dB(A)
PWM	✓
Fan bearing	Hydro Bearing
Air flow rate	62CFM
Fan speed	1100-2000RPM
Weight	498g

Logistical data

Item number	XF073
Manufacturer number	XPF360R.ARGB
EAN Barcode	4044953504372

Gaming Series
