MediaRange USB-A to HDMI™ Audio and Video Converter, 20cm, Black

Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and dependable performance for all your display needs.

Reliable USB-A to HDMI™ Connection for Full HD Audio & Video Output

Our USB-A to HDMI™ Audio and Video Converter ensures easy integration of laptops, desktops, and other USB-A-enabled devices into modern AV setups – whether in conference rooms, classrooms, or home cinemas.

With support for resolutions up to 1920 x 1080 @ 60 Hz, this compact converter offers smooth video playback and synchronized audio transmission.

Thanks to Plug & Play functionality, no additional drivers are needed. The sturdy construction and gold-plated contacts guarantee stable and consistent performance, while the compact design allows easy transport and setup.

Whether you're presenting content in meetings, streaming media at home, or connecting displays in digital signage applications, this converter delivers reliable performance.
