This stylish wireless speaker is the perfect combination of compact size, light weight and powerful, balanced sound. The column is compatible with Windows, iOS and Android and supports three connection types – Bluetooth, FM, TF Card, which allow you to listen to music from source and connect to your favorite radio wave. Wireless communication using Bluetooth 5.0 technology provides a high-quality music signal transmission at a speed of up to 2 Mbps at a distance of up to 10 meters while saving battery power. The column is presented in three trendy colors – gray, red and blue. You can use 2 speakers simultaneously to achieve surround stereo sound. An excellent solution for those who want to enjoy music in nature, in a country house or on the street.
