Description

SONIC WAVECLEAN MT6510 is a sonic toothbrush with 2 duPont heads equipped with a very durable battery (up to 60 days on a single charge).

It's a perfect device for travellers, but also for a daily home use.

Waterproof class IPX7 - can be washed under a stream of water.

Advanced sonic technology

36 000 vibrations per minute, low noise. Removes up to 7 times more plaques and discolorations than manual toothbrush.

2 brushing speeds

Daily cleaning mode and bleaching mode for deep cleaning of teeth and interdental spaces.

Brushing cycles

2-minute timer with a 30-second interval to facilitate daily brushing.

Automatic shutdown after 2 minutes and a 30-second reminder to change the brushing area.

Set contains:

- sonic toothbrush x1,
- toothbrush head x2,
- travel case x1,
- user manual
