

NINJA[®] ProChef

CONNECTED THERMOMETER

INDOOR & OUTDOOR

More Durable.
More Reliable.
Easier to use.

Our wireless, flame resistant and waterproof thermometer has a longer lasting battery and more accurate reads, so you can cook with confidence just about anywhere.

NINJA ProChef

CONNECTED
THERMOMETER

INDOOR & OUTDOOR

HEATSHIELD

TECHNOLOGY

State-of-the-art temperature and element resistance combined with a 30-hr battery ensures you stay connected and keep cooking.

FLAME RESISTANT

Roast, smoke, sear, char, and grill in up to 370°C heat without melting. No more worrying about flareups.

SUPER-CHARGED BATTERY

Our battery lasts for up to 30 hours on a single charge so you can cook dishes like slow-smoked BBQ without interruption.

WATERPROOF

From sauce splatter to grill grease, our probe can handle it. You can even wash it without compromising the technology.

COOK ANYTHING, ANYWHERE

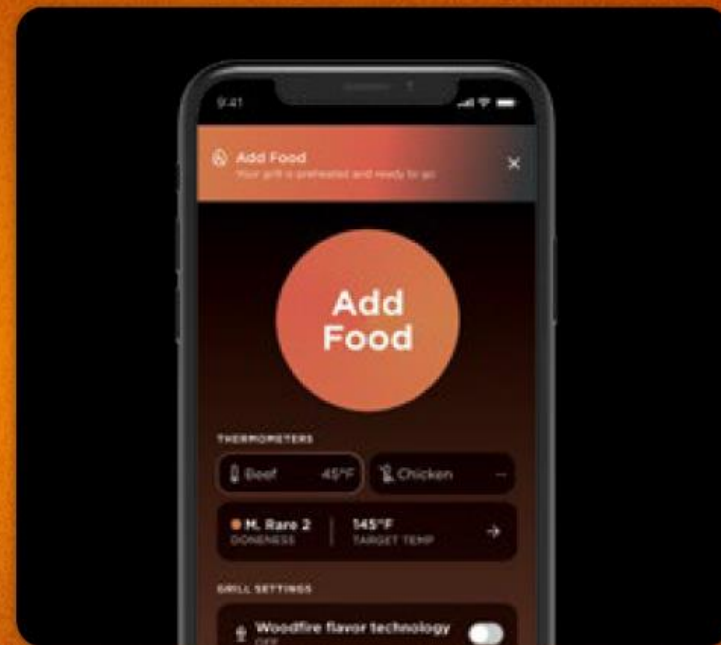

From high-heat searing to low and slow BBQ, from indoor ovens to outdoor fire pits—cook anything just about anywhere.

COOK CONFIDENTLY

Dual-sensors send live cooking updates from up to 50m away—that's almost half a football pitch.

A CHEF IN YOUR POCKET

We've built a seamless cooking experience that provides expert guidance and chef-tested, product-specific cook settings all in the Ninja Pro Connect App.
