

## Logitech K120 Corded Keyboard

**Brand :** Logitech

**Product code:** 920-002508

**Product name :** K120 Corded Keyboard

- You'll enjoy a comfortable and quiet typing experience thanks to the low-profile keys that barely make a sound, and standard layout with full-size F-keys and number pad.
- With its thin profile that keeps your hands in a more neutral position, spill-resistant design, durable keys that can withstand up to 10 million keystrokes and sturdy, adjustable tilt legs, this sleek keyboard not only looks and feels good – it's built to last.
- Setup is simple – you just plug it into a USB port on your desktop, laptop or netbook computer and start using it right out of the box.
- The bold, bright white characters make the keys easier for everyone to read – and are perfect for those with less-than-perfect vision. They're less likely to wear off, too.
- You get the high quality and reliability that's made Logitech® the global leader for keyboards and mice at a price you can afford.

K120 Corded Keyboard

| Keyboard                     |                                                   | Power                               |                                                             |
