

InLine EV spiral car charging cable 22kW Type2, 3-phase, 5m

Brand : InLine

Product code: 162855

Product name : EV spiral car charging cable 22kW Type2, 3-phase, 5m

InLine EV spiral car charging cable 22kW Type2, 3-phase, 5m

InLine EV spiral car charging cable 22kW Type2, 3-phase, 5m:

This EV spiral car charging cable from InLine is suitable for charging all vehicles with the type 2 plug standardised in Europe up to 22kW (32A). You can use it to easily connect your electric or hybrid vehicle to public charging stations or wallboxes with charging sockets. Particularly robust and manufactured to a high standard, the 3-phase cable is designed for long-lasting use in different environments and weather conditions. The cable is protected against dust and water. The couplings have protective caps as standard to reliably prevent soiling and moisture inside. The spiral cable is particularly suitable for practical and long-lasting use during charging. The cable can be laid neatly without tangling even in different charging situations with a certain amount of strain relief and allows for flexible, compact storage.

Features		Power	
Cable colour *	Black	Maximum operating current (three-phase)	32 A
Handle colour	Black	Vehicle plug	IEC 62196
Connector 1 *	Type 2	Weight & dimensions	
Connector 2 *	Type 2	Cable length *	5 m
Connector 1 form factor	Straight	Weight	3.02 kg
Connector 2 form factor	Straight	Operational conditions	
International Protection (IP) code	IP65	Operating temperature (T-T)	-30 - 50 °C
Protective cap	✓	Packaging data	
Halogen free	✓	Package type	Box
Oil-resistant	✓	Package width	360 mm
Power		Package depth	370 mm
Number of phases *	3	Package height	120 mm
Maximum operating power (three-phase)	22 kW	Package weight	3.8 kg
		Quantity per pack *	1 pc(s)
		Technical details	
		Compliance certificates	CE
		Sustainability compliance	✓
