BABY born feeding table with light and sound function, with over 10 different dishes and drinks for 43 cm dolls, 837009 Zapf Creation

BABY born Lunchtime Table:

Well, do you like it? With her new feeding table, BABY born discovers all kinds of different dishes. But she doesn't like all of them. How about some vegetables? Light and sound effects indicate whether she likes it or not. If the dessert or drink field lights up green, BABY born eats happily and waits impatiently for the next spoonful. But if it lights up red, she protests with a loud "Bähhh!". Can the spoon with the aeroplane sounds perhaps convince her to try something else? There is more than enough choice: cucumber, fried egg, spaghetti, muffins and lots of other snacks, desserts and drinks. There is a small snack box for leftovers - nothing goes to waste here.
