

Hama 00305124 cable splitter/combiner Silver

Brand : Hama
Product name : 00305124
Product code: 00305124

- For toggling between two satellite receivers on one LNB, no tiresome replugging
 - Allows the simultaneous connection of 2 satellite receivers (e.g. built-in satellite receiver in the TV and an external hard drive receiver) to one coax cable
 - Only one receiver can be active at any one time, however, with the receiver at output A always having priority over output B
 - Example: A hard disk drive receiver is connected to output A and switched on, which means output B has no signal. When the hard disk drive receiver (output A) is switched off, the receiver on output B is active
 - Ideal for HDTV
- AB / Satellite Receiver Priority Switch

Hama 00305124 cable splitter/combiner Silver:

Full metal housing
Solid full metal housing for protection against outside interference
