Jungle Raptor

schleich ELDRADOR CREATURES Jungle Raptor:

The Jungle Bird of Prey is an impressive figurine. When he flies over ELDRADOR® with his powerful wings, he is visible even from a distance. His dense feathers shine green and yellow in the sun. His strong legs and tail are covered in thick lizard skin. He looks dangerous!

A screech in the sky over ELDRADOR® announces his arrival from a distance: The Jungle Bird of Prey circles there. He wants to be heard, because he guards the Jungle World from above. Nothing goes unnoticed by his sharp eyes. He immediately detects intruders. Anyone who doesn't flee in fear at his screech, he pounces on from the air at the speed of an arrow. With its powerful claws, it loves to grab intruders by the head and render them helpless. It is best not to attempt to enter prohibited territory at all.
