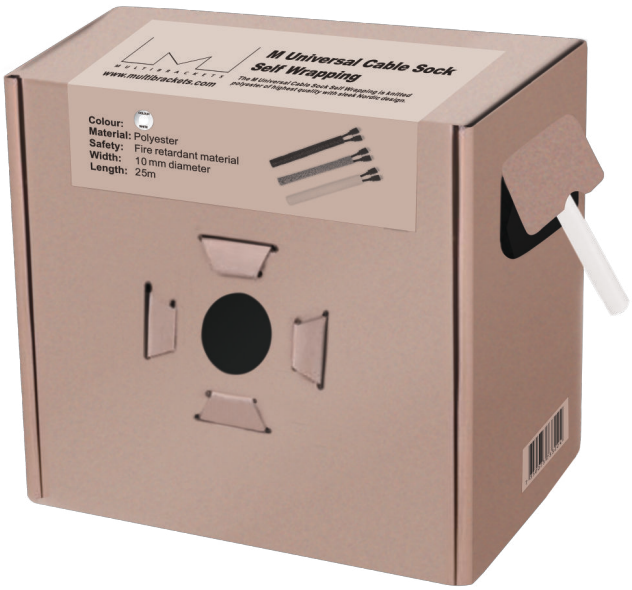
M Universal Cable Sock Self Wrapping

EAN:7350073733224



Specification:

Working temperature:	-50°C-+ 150°C
Melting point:	240±10°C
Flammability:	8s6853 lb UL94 V-0 FMVSS 302
Overlap:	50%
Wear-resisting level	ISO6722 , Load 7N , Number of scratches ≥3000 times , high wear resistance.
Application:	It is widely used in electrical wiring, cables, wiring harness and hoses for high-speed trains, cars, automation equipment, instruments, and especially for irregularly wiring harness.
Certificate:	RoHS
Monofilament diameter:	0.25mm
Colour:	White
Material:	Polyester
Safety:	Fire retardant material
Width:	10 mm diameter
Length:	25m
