Product name : MAXI JUNIOR

MAXI JUNIOR, 15kg

Bosch MAXI JUNIOR 15 kg Puppy Poultry:

MAXI JUNIOR is a protein-reduced, wheat-free puppy food (24% protein) with moderate energy content for rearing large breeds (over 25kg adult weight) who require a moderate growth rate in order to prevent potential cartilage and joint problems.

Mussel extracts support the development of the young dog's cartilage and joints.

The immune system is strengthened due to the addition of colostrum and the specific immune complex of mannans and glucans (developed by veterinarians) to the recipe.

The croquette shape and size are tailored to the food intake behavior of large breeds.

- for protein-reduced rearing (24% protein) with moderate energy content (12% fat)
- manufactured with plenty of fresh poultry (min. 25%)
- mussel extract for cartilage and joints
- contains colostrum which strengthens the immune system of the young dog
- contains mannans and glucans for stabilizing the intestinal flora and the immune system
