Quetzalcoatlus

schleich Dinosaurs Quetzalcoatlus:

A giant, feathered reptile with a massive wingspan soars high above T-Rex and triceratops. It's quetzalcoatlus! A realistic quetzalcoatlus toy with lifelike texture and a movable wings, this high-flying dinosaur soars into the schleich® DINOSAURS collection to rule the skies and let kids' dino stories take flight.

On land, the Quetzalcoatlus doesn't look very elegant. But it make up for that once it's in the air! After it has taken off, the giant pterosaur can soar silently through the sky. It only has to flap its movable wings occasionally to stay on course. It can stay up in the sky for several hours at a time just soaring. I wonder where it will eventually decide to land!
