Stone Triceratops

[schleich ELDRADOR CREATURES Stone Triceratops:](#)

With its impressive neck shield and the pointed crystals on its back, the Stone Triceratops can look pretty terrifying. It has three sharp crystal horns on its forehead and head, which it uses to keep its opponents at bay. With its mighty head, it simply rams attackers to the ground. Better not get too close!

The green eyes of the Stone Triceratops gleam angrily in the darkness of the cave. Creepy! It lets out an angry snort. It's pretty cramped here. With its mighty head, it's not easy to move around. The only thing left for it to do is run away! It lowers its mighty head to attack and takes a run-up. Let's get out of here quickly before it gets us with the three sharp crystal horns on its head. Yikes!
