We renew premium technology locally to support businesses and individuals to make better choices for a more sustainable future. Our products have been the focus from the beginning. We are convinced that the most reliable way to make pre-owned tech mainstream is to ensure its quality. Only when we're able to offer great tech at a competitive price with a reduced impact on the environment, real change can occur. Great tech is products - good enough to make a difference.

The laptop is in premium+ condition and has been refurbished to a feel-new state, both in terms of appearance and performance. There are no visible signs of prior use, and it's been freshly painted. Both the screen and keyboard have either been restored or replaced. Any part not meeting our quality standards has been replaced. Every Teqcycle product is delivered with a 3-year warranty, ensuring you a sustainable and stress-free choice.
